MasTec Announces the Appointment of Manny Miranda to its Board of Directors

July 1, 2026

CORAL GABLES, Fla.--(BUSINESS WIRE)--Jul. 1, 2026-- MasTec, Inc. (NYSE: MTZ) today announced that Mr. Manny Miranda has joined MasTec's Board of Directors as a Class II Director.

With more than 40 years of experience in the utility industry, Mr. Miranda brings deep expertise across virtually every aspect of electric and natural gas utility operations. Throughout his career at Florida Power & Light and Florida City Gas, he held leadership responsibilities spanning transmission, substations, distribution, engineering, construction, operations, maintenance, customer service, system reliability, storm hardening, and commercial operations. His experience includes oversight of large-scale capital investment programs, utility infrastructure planning, and the safe and reliable delivery of energy to millions of customers. Mr. Miranda's broad operational background and extensive knowledge of utility systems provide a comprehensive perspective on the challenges and opportunities facing today's energy infrastructure.

Mr. Miranda holds a Bachelor of Science degree in mechanical engineering from the University of Miami and a Master of Business Administration from Nova Southeastern University (NSU). Mr. Miranda currently serves as a Director on the Board of CenterPoint Energy (NYSE: CNP), Ubicquia, Inc., and the University of Miami College of Engineering Advisory Board. He previously served on the Board of Governors for NSU's H. Wayne Huizenga School of Business and Entrepreneurship. Additionally, he has previously served as a Director on both the Southeastern Electric Exchange and the Association of Edison Illuminating Companies boards.

MasTec's Chairman, Mr. Jorge Mas, commented, "Manny's experience across nearly every facet of the utility industry gives him a unique perspective on the opportunities and challenges facing our customers. His deep understanding of electric and natural gas infrastructure, combined with his operational expertise and industry relationships, will be invaluable assets as MasTec continues to help build and modernize North America's critical infrastructure. We are pleased to welcome Manny to our Board."

Mr. Miranda noted, "I am honored to be joining MasTec's Board of Directors, a company I have known for decades and watched become one of the preeminent utility contractors in the United States. I look forward to leveraging my deep knowledge of utility operations to enhance MasTec's strategic positioning with utility clients and position MasTec as the supplier of choice for critical utility infrastructure deployment."

About MasTec

MasTec, Inc. is a leading North American infrastructure engineering and construction company focused primarily on engineering, building, installation, maintenance and upgrade of communications, energy and utility and other infrastructure. MasTec primarily operates under four business segments including Communications, serving both wireless and wireline/fiber infrastructure; Power Delivery, serving primarily utility customers in transmission and distribution markets; Pipeline Infrastructure serving energy and other customers with installation and maintenance services primarily for natural gas pipeline and distribution infrastructure; and Clean Energy and Infrastructure, providing renewable energy engineering and construction services, as well as for heavy civil and other industrial infrastructure markets.
