

MasTec Announces Significantly Expanded Bank Credit Facility

August 24, 2011

CORAL GABLES, Fla., Aug. 24, 2011 /PRNewswire via COMTEX/ --

MasTec, Inc. (NYSE: MTZ) today announced that it has entered into an agreement with a syndicate of 14 lenders, led by Bank of America, N.A., GE Capital Markets, Inc. and Sun Trust Robinson Humphrey, Inc., for an amended and restated senior secured revolving credit facility. The amendment expands the Company's existing credit facility from \$260 million to \$600 million and extends the maturity from May 2013 until August 2016. The amended credit facility includes more favorable interest rates, pricing, covenants and other improved terms. As of August 23, 2011, MasTec had approximately \$20 million in outstanding loans and \$100 million in letters of credit under the amended credit facility.

C. Robert Campbell, MasTec's Executive Vice President and Chief Financial Officer, noted, "We view the expanded and amended bank credit facility as a good reflection of the progress that MasTec has made in recent years. We have moved from an asset-based credit facility to one that is cash flow based. Based on our current metrics, availability under the expanded credit facility is now in the \$475 million range, compared to about \$125 million under the prior credit facility. Finally, interest rates and on-going fees, subject to a pricing grid, are better than those under the prior credit facility."

Jose R. Mas, MasTec's Chief Executive Officer, added, "We are very pleased with our amended and expanded bank credit facility. While our previous credit facility did not expire until May, 2013, we decided to extend and expand our credit facility now to take advantage of a very attractive banking market for companies like MasTec. The expanded credit facility gives MasTec a massive increase in availability and the capital to continue its high level of growth."

Additional details can be found in the Company's related 8-K to be filed with the Securities and Exchange Commission.
