- ***Announces Fourth Quarter New Unsecured Revolving Credit Facility with Increased Facility Size and Improved Pricing***

Coral Gables, FL (November 4, 2021) — MasTec, Inc. (NYSE: MTZ) today announced third quarter 2021 financial results and updated its guidance for the remainder of 2021.

Third quarter 2021 revenue was a record \$2.4 billion, compared to \$1.7 billion for the prior year period, a 42% increase. Third quarter 2021 GAAP net income was \$112.5 million, or \$1.50 per diluted share, \$0.13 above expectation.

Third quarter 2021 adjusted net income and adjusted diluted earnings per share, both non-GAAP measures, were \$135.6 million and \$1.81, respectively, with adjusted diluted earnings per share exceeding the Company's previously announced expectation by \$0.10. Third quarter 2021 adjusted EBITDA, also a non-GAAP measure, was \$278 million, or 11.6% of revenue, \$11 million above expectation.

Record third quarter 18-month backlog as of September 30, 2021 was \$8.5 billion, an increase of approximately \$821 million compared to the same quarter last year, with record third quarter backlog across all non-Oil & Gas segments. Sequentially, third quarter consolidated backlog decreased approximately \$685 million, comprised of \$767 million in expected Oil & Gas segment backlog reductions partially offset by approximately \$82 million in backlog increase in non-Oil & Gas segments, as MasTec continues to expand its business mix in the communications, clean energy and electrical grid markets.

Adjusted net income, adjusted diluted earnings per share and adjusted EBITDA, which are all non-GAAP measures, exclude certain items which are detailed and reconciled to the most comparable GAAP-reported measures in the attached Supplemental Disclosures and Reconciliation of Non-GAAP Disclosures.

Jose Mas, MasTec's Chief Executive Officer, commented, "End market opportunities across our non-Oil & Gas segments continue to develop and provide us significant growth opportunities as evidenced by our record non-Oil & Gas segment backlog. We remain confident that our diversified end market portfolio provides us a near term path towards reaching our \$10 billion revenue goal, with strong adjusted EBITDA margin and cash flow performance."

Mr. Mas continued, “Finally I would like to take the opportunity to thank the men and women of MasTec for their continued dedication and professionalism. The safety of our employees during these unprecedented times remains our primary focus, as we continually provide critical infrastructure services to our customers.”

George Pita, MasTec’s Executive Vice President and Chief Financial Officer noted, “Today we are also announcing a new unsecured credit facility, with a \$250 million increase to \$2.0 billion, improved pricing and the elimination of security requirements. I would like to thank our banking partners for their strong long-term support. During the third quarter, we continued our strong cash flow performance, reducing our net debt levels by approximately \$80 million despite the working capital requirements associated with a sequential revenue increase of approximately \$442 million. Our strong capital structure affords us ample financial flexibility to fund future strategic growth opportunities to maximize shareholder value.”

The Company is updating its guidance and now estimates 2021 annual revenue to approximate \$8.0 billion, with 2021 annual GAAP net income and diluted earnings per share expected to approximate \$332 million and \$4.46, respectively. 2021 annual adjusted EBITDA is expected to approximate \$930 million, and 2021 annual adjusted diluted earnings per share is expected to approximate \$5.55.

For the fourth quarter of 2021, the Company expects revenue of approximately \$1.9 billion. Fourth quarter 2021 GAAP net income is expected to approximate \$75 million, with GAAP diluted earnings per share expected to approximate \$1.01. Fourth quarter 2021 adjusted EBITDA is expected to approximate \$218 million, with adjusted diluted earnings per share expected to approximate \$1.33.

Senior Management will hold a conference call to discuss these results on Friday, November 5, 2021, at 9:00 a.m. Eastern time. The call-in number for the conference call is (334) 323-0501 or (800) 353-6461 and the replay number is (719) 457-0820, with a pass code of 8886034. The replay will run for 30 days. Additionally, the call will be broadcast live over the Internet and can be accessed and replayed through the Investors section of the Company's website at www.mastec.com.

A variety of factors, many of which are beyond our control, could cause actual future results to differ materially from those projected in the forward-looking statements. Specific factors that might cause such a difference include, but are not limited to: risks related to adverse effects of health epidemics and pandemics or other outbreaks of communicable diseases, such as the COVID-19 pandemic, including its effect on supply chain or inflationary issues, as well as, the potential effects of the recently proposed vaccine mandates; market conditions, technological developments, regulatory or policy changes, including permitting processes and tax incentives that affect us or our customers' industries; the effect of federal, local, state, foreign or tax legislation and other regulations affecting the industries we serve and related projects and expenditures; the effect on demand for our services of changes in the amount of capital expenditures by our customers due to, among other things, economic conditions, including potential adverse effects of public health issues, such as the COVID-19 pandemic on economic activity generally, the availability and cost of financing, and customer consolidation in the industries we serve; activity in the industries we serve and the impact on our customers' expenditure levels caused by fluctuations in commodity prices, including for oil, natural gas, electricity and other energy sources; our ability to manage projects effectively and in accordance with our estimates, as well as our ability to accurately estimate the costs associated with our fixed price and other contracts, including any material changes in estimates for completion of projects and estimates of the recoverability of change orders; the timing and extent of fluctuations in operational, geographic and weather factors affecting our customers, projects and the industries in which we operate; the highly competitive nature of our industry and the ability of our customers, including our largest customers, to terminate or reduce the amount of work, or in some cases, the prices paid for services, on short or no notice under our contracts, and/or customer disputes related to our performance of services and the resolution of unapproved change orders; risks related to completed or potential acquisitions, including our ability to identify suitable acquisition or strategic investment opportunities, to integrate acquired businesses within expected timeframes and to achieve the revenue, cost savings and earnings levels from such acquisitions at or above the levels projected, including the risk of potential asset impairment charges and write-downs of goodwill; our dependence on a limited number of customers and our ability to replace non-recurring projects with new projects; the effect of state and federal regulatory initiatives, including costs of compliance with existing and potential future safety and environmental requirements, including with respect to climate change; risks associated with potential environmental issues and other hazards from our operations; disputes with, or failures of, our subcontractors to deliver agreed-upon supplies or services in a timely fashion, and the risk of being required to pay our subcontractors even if our customers do not pay us; risks related to our strategic arrangements, including our equity investments; any exposure resulting from system or information technology interruptions or data security breaches; any material changes in estimates for legal costs or case settlements or adverse determinations on any claim, lawsuit or proceeding; the adequacy of our insurance, legal and other reserves; the outcome of our plans for future operations, growth and services, including business development efforts, backlog, acquisitions and dispositions; our ability to maintain a workforce based upon current and anticipated workloads; our ability to attract and retain qualified personnel, key management and skilled employees, including from acquired businesses, and our ability to enforce any noncompetition agreements; fluctuations in fuel, maintenance, materials, labor and other costs; risks associated with volatility of our stock price or any dilution or stock price volatility that shareholders may experience in connection with shares we may issue as consideration for earn-out obligations or as purchase consideration in connection with past or future acquisitions, or as a result of other stock issuances; restrictions imposed by our credit facility, senior notes and any future loans or securities; our ability to obtain performance and surety bonds; risks related to our operations that employ a unionized workforce, including labor availability, productivity and relations, as well as risks associated with multiemployer union pension plans, including underfunding and withdrawal liabilities; risks associated with operating in or expanding into additional international markets, including risks from fluctuations in foreign currencies, foreign labor and general business conditions and risks from failure to comply with laws applicable to our foreign activities and/or governmental policy uncertainty;
