PROXY STATEMENT

2001 ANNUAL MEETING OF SHAREHOLDERS

The Board of Directors of MasTec, Inc. ("MasTec") is furnishing this Proxy Statement to solicit proxies for use at the 2001 Annual Meeting of Shareholders of MasTec to be held at our corporate headquarters located at 3155 N.W. 77th Avenue, Miami, Florida, on Tuesday, May 8, 2001, at 9:30 a.m. local time. At the Annual Meeting, our shareholders will be asked to vote on the following matters, each of which is described in greater detail elsewhere in this Proxy Statement:

- * The re-election of Joseph P. Kennedy II, Arthur B. Laffer and Jose S. Sorzano as Class III directors for terms expiring in 2004; and
- * Such other business as may properly be brought before the Annual Meeting.

The Board of Directors recommends that you vote FOR each of the nominees for Class III director set forth in this Proxy Statement.

This Proxy Statement and accompanying proxy and other materials are first being mailed or transmitted electronically on or about April 9, 2001 to shareholders of record on March 12, 2001. Only shareholders of record at the close of business on March 12, 2001 are entitled to vote at the Annual Meeting. If you are not present in person at the Annual Meeting, your shares can be voted only if represented by proxy. The shares represented by your proxy will be voted in accordance with your instructions only if you properly complete, sign and return the accompanying proxy card to our Corporate Secretary prior to the Annual Meeting or vote your ballot online.

Shareholders may be eligible to vote electronically through the Internet or by telephone. Please go to www.mastec.com under Investor Relations for more information on voting online and registering to receive future proxy and other materials online.

Shareholders not wishing to vote electronically through the Internet or whose proxy card does not reference Internet or telephone voting information should complete and return the enclosed paper proxy card. Signing and returning the proxy card or submitting the proxy via the Internet or by telephone does not affect the right to vote in person at the Annual Meeting. If no choice is specified on the proxy card, the shares represented by the proxy will be voted for the election of all nominees for director and in the discretion of the holder of the proxy on all other matters that may properly come before the Annual Meeting.

A proxy given pursuant to this solicitation may be revoked at any time prior to its exercise by written notice delivered to our Corporate Secretary, by executing and delivering to our Corporate Secretary a proxy with a later date, by attending the Annual Meeting and voting in person or by voting electronically. With respect to electronic votes, the last vote transmitted will be the vote counted. Attendance at the Annual Meeting will not, in itself, constitute revocation of a proxy.

Our only class of voting securities is our common stock. At March 12, 2001, there were 47,719,144 shares of our common stock outstanding, which is the only class of our capital stock outstanding. As of March 12, 2001, MasTec had 4,134 record shareholders.

Each share of our common stock entitles its holder to one vote on all matters properly brought before the Annual Meeting. The presence, in person or by proxy, of a majority of the shares entitled to vote is necessary to constitute a quorum at the Annual Meeting. If a quorum is present, directors are elected by a plurality of the votes of the shares voting in person or represented by proxy at the Annual Meeting, which means that the three nominees receiving the highest number of votes will be elected to the Board of Directors.

Shares that are entitled to vote but that are not voted at the direction of the beneficial owner ("abstentions"), shares represented by proxies or ballots that are marked "withhold authority," and votes withheld by brokers in the absence of instruction from beneficial holders ("broker nonvotes") will be counted for the purpose of determining whether there is a quorum for the transaction of business at the Annual Meeting. In determining whether a matter requiring approval of a majority of the shares voting at the Annual Meeting has been approved or whether a nominee for director has received a plurality of the shares, abstentions, withheld votes and broker nonvotes will be disregarded and will have no effect on the outcome of the vote.

ELECTION OF DIRECTORS

The first matter that shareholders will be asked to vote upon at the Annual Meeting is the re-election of Joseph P. Kennedy II, Arthur B. Laffer and Jose S. Sorzano as Class III directors for terms expiring at the annual meeting of shareholders in the year 2004. The Board of Directors currently is composed of seven directors elected in three classes, with two Class I, two Class II, and three Class III directors. Directors in each class hold office for three-year terms. The terms of the classes are staggered so that the term of only one class terminates each year. The terms of the current Class III directors expire at the Annual Meeting; if elected, the nominees for Class III directors will serve until the annual shareholders meeting in 2004. The terms of the Class I directors expire at the annual shareholders meeting in 2002 and the terms of the Class II directors expire at the annual meeting of shareholders in 2003.

Additional background information regarding Messrs. Kennedy, Laffer and Sorzano is provided below. MasTec has no reason to believe that any of these nominees will refuse or be unable to serve as a director if elected; however, if any of the nominees is unable to serve, each proxy that does not direct otherwise will be voted for a substitute nominee designated by the Board of Directors.

The election of directors requires the affirmative vote of a plurality of the shares of common stock voting in person or by proxy at the Annual Meeting. The Board of Directors recommends that you vote FOR each of the nominees named above. Unless otherwise indicated, the accompanying form of proxy will be voted FOR the election of each of the nominees for election as a Class III director named above.

Other Information Regarding the Board of Directors

Board and Committee Meetings

During 2000, the Board of Directors met on seven occasions. Each of the directors attended at least 75% percent of the Board meetings and the meetings of committees of which such director is a member held during the periods for which they served.

There are four standing committees of the Board of Directors: the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating Committee.

The Executive Committee is composed of Jorge Mas, who serves as Chairman, Joel-Tomas Citron and Arthur B. Laffer. The principal function of the Executive Committee is to act for the Board of Directors when action is required between full Board meetings. During 2000, the Executive Committee met on three occasions.

The Audit Committee is composed of Arthur B. Laffer, who serves as Chairman, Olafur Olafsson and William N. Shiebler. The Audit Committee oversees MasTec's financial reporting and compliance program on behalf of the Board of Directors. Under the rules of the New York Stock Exchange, all of the members of the Audit Committee are independent. The Board of Directors has adopted a written charter of the Audit Committee, a copy of which was filed with the proxy statement for the 2000 annual meeting of shareholders. During 2000, the Audit Committee met on five occasions.

The Compensation Committee is composed of Arthur B. Laffer, who serves as Chairman, Olafur Olafsson, William N. Shiebler and Jose S. Sorzano. The Compensation Committee is charged with determining compensation packages for the Chief Executive Officer and the other senior management of MasTec, establishing salaries, bonuses and other compensation for MasTec's other executive and operating officers, administering MasTec's stock option, stock purchase and incentive compensation plans and recommending to the Board of Directors changes to the plans. During 2000, the Compensation Committee met on one occasion.

The Nominating Committee is composed of Jorge Mas, who serves as Chairman, and Joseph P. Kennedy II. The Nominating Committee recommends to the Board of Directors candidates for election to the Board of Directors. The Committee considers candidates recommended by the shareholders pursuant to written applications submitted to our Corporate Secretary. Shareholder proposals for nominees should include biographical and other information regarding the proposed nominee sufficient to comply with applicable disclosure rules and a statement from the shareholder as to the qualifications and willingness of the candidate to serve on our Board of Directors. During 2000, the Nominating Committee met on one occasion.

Audit Committee Report

For 2000, the Audit Committee reviewed and recommended to the Board of Directors the independent auditors to be selected to audit MasTec's financial statements. The Audit Committee also reviewed the scope of the proposed annual audit for 2000 and the audit procedures to be applied, including approving the annual audit fee proposal from the independent auditors. They also discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61. The Committee reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 and discussed with the independent auditors their independence.

Additionally, the Audit Committee reviewed the completed audit, and discussed the results with management. Based on these reviews, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in MasTec's Annual Report on Form 10-K.

Arthur B. Laffer

MasTec incurred the following fees for services performed by PricewaterhouseCoopers LLP, MasTec's independent auditors, for 2000: (a) audit fees - \$275,250; (b) financial information systems design and implementation - \$0; and (c) other (principally tax structuring advice and acquisition due diligence) - \$419,000. The Audit Committee considered whether the provision of these non-audit services is compatible with such firm's independence.

Compensation of Directors

Under MasTec's Non-Employee Directors' Stock Option Plan, our non-employee directors are eligible to receive annually options to purchase shares of common stock. The amount and exercise price of the options granted under this plan are set by the Compensation Committee. Options issued under the plan are in lieu of all other compensation to directors for their services as directors. Directors are reimbursed for their reasonable expenses in attending Board and committee meetings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is responsible for establishing and administering the policies for MasTec's compensation programs and for approving the compensation levels of the executives and managers of MasTec, including its Chief Executive Officer. The Committee also reviews with the Chief Executive Officer guidelines for salaries and bonus awards applicable to MasTec's employees other than its executives and managers. The Committee is composed of Arthur B. Laffer, who serves as Chairman, and Olafur Olafsson, William N. Shiebler and Jose S. Sorzano, all of whom are non-employee directors of MasTec.

Statement of Philosophy of Executive Compensation

The executive compensation program of MasTec is designed to (i) provide base compensation reasonably comparable to that offered by other leading companies to their executives and managers so as to attract and retain talented personnel, (ii) motivate executives and managers to achieve the strategic goals set by MasTec by linking an executive's or a manager's incentive compensation to the performance of MasTec and applicable business units, as well as to individual performance, and (iii) align the interests of MasTec's executives and managers with the long-term interests of its shareholders through the award of stock options and other stock-related programs. To implement this philosophy, MasTec offers its executives and managers compensation packages that include a mix of salary, incentive bonus awards, and stock options.

In determining the level and form of executive compensation to be paid or awarded, the Committee relies primarily on MasTec's results of operations and, in the case of senior executives, an assessment of MasTec's overall performance in light of its strategic objectives. The Committee considered a number of factors in establishing 2000 compensation, none of which was quantified, ranked or assigned relative weight.

- * The substantial increase in revenue and earnings in comparison to prior years.
- * The significant increase in the MasTec's shareholders' equity and other balance sheet improvements.
- * The upgrade of MasTec's debt securities to investment grade by Moody's and Standard & Poor's.
- * The further diversification, expansion, and branding of MasTec's core business through acquisitions and new service offerings.
- * The continued divestiture of non-core assets to concentrate resources on MasTec's core business.
- * Individual performance.

Salary

The base salary of executives and managers is determined initially by analyzing and evaluating the responsibilities of the position and comparing the proposed base salary with that of executives and managers in comparable positions in other companies. Adjustments are determined by objective factors such as MasTec's performance and the individual's contribution to that performance and subjective considerations such as additional responsibilities taken on by the executive or manager. The Committee awarded increases in base salary in 2000 to certain of the executive officers and managers of MasTec, including certain of the Named Executive Officers identified under the caption "Executive Compensation" below.

Incentive Awards

In addition to paying a base salary, MasTec awards incentive bonuses as a component of overall compensation. MasTec has established formal incentive compensation plans for our senior executives at both the corporate and operational levels that award incentive bonuses based on MasTec's or an individual unit's performance as measured primarily by earnings before interest and taxes ("EBIT") and return on assets. Awards are based on a multiple of base salary or a percentage of EBIT. A portion of the bonus may be awarded in stock and stock options. MasTec or the individual unit must meet certain minimum thresholds before any bonus is earned. For 2000, the Committee awarded bonuses, including stock and stock options, to certain of MasTec's executives and managers, including the Named Executive Officers, under these plans.

CEO Compensation

Joel-Tomas Citron, our President and Chief Executive Officer, was paid a salary of \$500,000 for 2000. The Committee also awarded Mr. Citron a bonus of \$831,000 in cash for 2000. The Committee considered the same factors described above in establishing Mr. Citron's compensation, with particular emphasis on MasTec's EBIT from North American operations. The Committee is currently finalizing a new employment agreement with Mr. Citron.

(3) Potential gains are net of exercise price, but before taxes associated with exercise. These amounts represent certain assumed rates of appreciation only, based on Securities and Exchange Commission rules, and do not represent MasTec's estimate or projection of the price of MasTec's stock in the future. Actual gains, if any, on stock option exercises depend upon the actual future performance of MasTec's common stock and the continued employment of the option holders throughout the vesting period. Accordingly, the potential realizable values set forth in this table may not be achieved or may be exceeded.

Employment Agreements

Effective January 1, 2001, MasTec entered into employment agreements with Austin J. Shanfelter, Carmen M. Sabater and Jose Sariego relating to their employment as Chief Operating Officer, Chief Financial Officer and General Counsel, respectively. Each of the agreements is for a term of two (2) years unless earlier terminated, and provides that Mr. Shanfelter, Ms. Sabater and Mr. Sariego will be paid an annual salary of not less than \$325,000, \$270,000 and \$240,000, respectively. Each agreement also provides for a bonus to be paid pursuant to an incentive compensation plan to be agreed upon, which plan may not be less favorable than the plan in effect for 2000. Additionally, if there is a change of control of MasTec during the employment term, the executive will be entitled to all of the unpaid portion of his or her salary for the remaining term of the agreement, to an immediate bonus payment and to immediate vesting of any previously unvested options. The agreement also contains non-competition and non-solicitation provisions during the term of the agreement.
